ENVIRONMENTAL POLICY

Heath & Wiltshire's environmental policy is based upon the following general principles and the management takes responsibility for ensuring its policies are effectively observed.

- We accept the need to safeguard the environment wherever possible and consider the impact of our activities on the environment, in all aspects of our business
- Preference is given to procedures, products and chemicals, which have the least detrimental effect on the environment, either in their use or in their manufacture.
- We are always eager to participate with clients re-cycling schemes and to encourage others to participate
- The company promotes environmental awareness among them.
- The company complies with all current environmental legislation and regulations and seeks to achieve continuing environmental performance, by reviewing products and procedures regularly.
